

Sponsorship Enrollment Form

ICC is holding a Graphic Arts Experts' Day in Prague on June 29, 2017. The focus of this event is on current issues in colour management that are of interest to the printing, packaging and publishing industries in Eastern Europe. Speakers from ICC member companies will introduce different aspects of colour management technology, and will be available to discuss and answer questions from attendees. There will also be a short student session where PhD students present research on relevant topics.

With 8 weeks to go, close to 50 attendees have already registered and ICC is expecting that the meeting room will be full on the day. To maximise attendance the event will be completely free to attend, and ICC invites sponsorship from companies and organisations to cover some of the expenses of hosting the event.

As with previous ICC events such as the well-established and highly successful ICC DevCon series, sponsor logos will be prominently displayed on publicity material and on the event web page. There will be table-top area where sponsors can present their own materials and products if desired.

Please, consider contributing to this great event.
